Initiated by: Public Works Department

Budget Impact: Funds included in current budget sufficient for project award.

Sustainability Impact:

Project will result in re-establishing structural integrity in the identified areas of existing deteriorating SA Sewer System; reduction of Inflow and Infiltration of ground waters in our Sanitary System consequently reducing energy consumption of the Mapleton Pump Station and increasing life cycle of the pumps in the Pump Station.

Policy Questions for Council Consideration: N/A

Summary:

The adopted Master Plan directs the staff to update the existing deficient Sanitary Sewer System with allocation of \$500,000 a year. City Council included \$500,000 in the current budget for the Sanitary Sewer Rehabilitation Project. Staff followed the City of West Linn Local Contracting Rules in the preparation and advertising of the project. The low responsive, responsible bidder is Insituform Technologies, Inc. Staff has checked references and their quality of work and is confident in recommending the award to Insituform Technologies, Inc.

Recommended Action:

Acting in capacity of Contract Review Board, authorize City Manager to sign a contract with Insituform Technologies, Inc in the amount of \$311,513.75 for the accomplishment of PW1004.
